Associating an Existing Food Business with a User Account

Once you have successfully logged into the Iowa Online Food Licensing System, the next step is to associate active food businesses with your user account. The Business Code that you need to associate an existing business with your user account is located on the food license renewal application that you receive from the regulatory agency.

Here is an example of the top portion of the home bakery license renewal application:

- The “Business Code” on the renewal must be entered in the space provided on the “Iowa Online Food Licensing” home screen.
- Enter the Business Code from the renewal form here and then select “Add.”
- Once you add a Business Code, the food business will appear as a blue panel on the home screen.
- If you are associated with more than one food business, you must enter the Business Code from other businesses and select “Add.”
- Each valid Business Code added will add another business to the home screen.

Reviewing and Updating Business and License Information

Once a user has associated one or more food businesses with the User Account, it is important that the business information is reviewed and updated as necessary to reflect the current operation. There are two areas where information is displayed: “Business Information,” and “License Information.” Both of these areas contain operational information about each food business.

- To access the “Business Information” screen, click the paper and pencil icon.
- To view “License Information,” click the “>” icon.

Business Information:

When the pencil and paper icon is selected, the Edit Business Information page will appear. Please review and update this information to reflect current operations. Note that some of the fields are

shaded (locked) and cannot be changed by the user. If there is inaccurate information in fields that are locked, please contact the regulatory authority.

- Select “Add New Contact” to enter emergency contact information. Emergency contacts may receive alerts when emergencies arise such as power outages, boil orders, flooding and other conditions that may affect the operation of the business. Note: At least one Emergency Contact is required before this screen will save or close.
- Select “Add New Attachment” to provide the regulatory agency with information such as a copy of the current menu, labels, distribution and sales, training documents or other necessary information about the food business.
- Ensure you select “Save Changes” if changes have been made to the Business Information.

License Information:

- When the “>” icon is selected, the blue panel will expand to show a License Information summary. Note: only active licenses will display.
- To access detailed license information or “Business Program Reference Data,” click the “+” icon. Each “+” icon contains unique detailed license information.

Detailed License Information (Business Program Reference Data):

The information displayed for each license will differ based on the license type. Please note that each license has separate program reference data that requires updating.

- All areas of the “Business Program Reference Data” that are marked with an asterisk (*) require a response. These areas must be completed by the user before a license can be renewed using the online renewal system.
- Select “Save Reference Data” after making changes to the Business Program Reference Data.

Paying for a Home Bakery License

Once a user has successfully updated Business Information and License Information, food licenses may be renewed using the Iowa Online Food Licensing System. The system has messages and prompts to assist a user in renewing a food license. A license is available for renewal 60 days prior to expiration.

- Select the “+” icon to provide proof of gross sales information for each license.
- Once you have selected the “+” icon, scroll to the bottom of the expanded view and find the area labeled “Attachments.”
- Select “Add New Attachment” to upload the proof of annual gross sales for this license. Once “Add New Attachment” is selected, a window will pop up on the screen that will allow you to select a document from your computer to upload. Acceptable documentation for proof of gross sales includes: quarterly sales tax returns, a statement from a CPA, or a page from an income tax statement showing gross food sales. Proof of gross sales will be reviewed before a license is issued.
- Once the proof of gross sales has been attached, the license may be added to the shopping cart.
- Select the “Add To Cart” box to place this license in the shopping cart.
- To view the contents of the shopping cart, select the shopping cart icon.

Once the user has successfully placed a license in the shopping cart, the shopping cart contents should be reviewed for accuracy before checking out. To view the shopping cart contents, select the shopping cart icon.

- Each license that has been successfully added to the shopping cart is identified by the license number (e.g. 170940). Payment details are also provided in the cart. Late payments will have penalty fees included.
- A license can be removed from the shopping cart by clicking the “X” or by unchecking the “Add to Cart” box.

Once the shopping cart contents have been reviewed for accuracy, the user may proceed by selecting “Checkout.” Selecting Checkout will redirect the user to the Iowa e-payment screen. **NOTE: Both Electronic Fund Transfer (EFT) AND credit/debit card payments are accepted. There is a \$1 transaction fee for bank transfers and a 2.5% transaction fee for credit and debit cards.**

Once the payment process is complete, the user will receive a payment confirmation number which may be printed and maintained as proof of payment. After receiving the payment confirmation number, please log back into the Iowa Online Food Licensing System to ensure the selected license or licenses are in a “Submitted” status. If the license you selected is not in a Submitted status, please contact the regulatory authority.

Licenses that are in a “Submitted” status have NOT been approved. The approval process occurs after submission. The documentation that has been provided will be reviewed before approval. Once the license has been approved, the status will change back to “Active.” Please log into the Iowa Online Food Licensing system periodically to view the status.
